J Michelle Watts, Master Quilter, Author, Fabric Designer It's Simple with Stencils

Tuesday, September 24,
9 AM—4 PM

American Legion, Post 10
1185 East Madrid, Las Cruces

Make a miniature quilt using Michelle's die cut stencils and PaintStix. Michelle is known for her fun and skill building workshops and quilts produced by this method and always get a "how did she do that?" response from quilt show attendees.

The patterns make it possible for anyone to create great stenciled quilts without the hassle of cutting. No painting skills are required and the laser cut stencils ensure accuracy as you paint and assemble the blocks.

Class fee: \$40 for guild members, \$45 non-members includes stencils for your project and the use of Michelle's paints.
